MEMORANDUM FOR: Associate Deputy Director for Intelligence
Chief, International Activities Division

FROM:

EA/DDCI

25X1

SUBJECT: Intelligence Support for the Military Airlift Command

Even though [] recent survey of the intelligence requirements of MAC would suggest otherwise, the DDCI would like to accommodate General Ryan's continuing interest in having a full-time Agency representative to serve both his intelligence and operational needs. He would appreciate each of you trying to come up with some candidates who might fill the bill. Perhaps you could find an annuitant either in the area or interested in settling out that way.
